

2024 Interim Solid Waste Management Services Rates and Fees

Date: November 21, 2023

To: Executive Committee

From: Chief Financial Officer and Treasurer and General Manager, Solid Waste Management Services

Wards: All

SUMMARY

This report recommends the adoption by City Council of interim 2024 Solid Waste Management Services (SWMS) Rates and Fees as set out in this report. The adoption of these interim rates and fees is requested in advance of the 2024 Tax and Rate Supported Operating and Capital Budgets to establish these rates and service fees and provide City staff with the necessary authority to implement them effective January 1, 2024. The proposed interim rates are consistent with the 10-year financial modeling and annual rate increase requirements presented during the 2023 Budget process.

The interim rates may be amended by City Council when the 2024 Rate Supported Operating and Capital Budgets are approved, which is expected in Quarter 1 of 2024.

This report recommends an interim 3% increase in SWMS rates and fees effective January 1, 2024. This recommended increase, shown in Table 1 below by customer grouping, is consistent with long term rate modeling detailed as part of the 2023 budget process and will allow Solid Waste Management Services to maintain all current service levels and allocate sufficient funds to the Waste Management Reserve to finance future capital needs.

Table 1: Interim Solid Waste Management Services Rates and Fees effective January 1, 2024

Customer Group	Interim Rate Increase	Comments
Multi-Residential	3%	Maintain service levels and fund Capital Program
Single Family and Residential Units Above Commercial (RUAC)	3%	Maintain service levels and fund Capital Program
Bag Tags, Bin Purchase	3%	Maintain service levels and fund Capital Program
Commercial, Divisions, Agencies and Corp., Schools	3%	Maintain service levels and fund Capital Program

RECOMMENDATIONS

The Chief Financial Officer and Treasurer and the General Manager, Solid Waste Management Services recommend that:

1. City Council adopt, effective January 1, 2024, the interim Solid Waste Management Services Rates and Fees as summarized by customer group in Appendix A and detailed in Solid Waste Management Services Municipal Code Chapter 441 in Appendix B.
2. City Council authorize that the necessary amendments be made to the Municipal Code Chapter 441 – Fees and Charges, and any other necessary Municipal Code Chapters as may be required to give effect to these Recommendations.
3. City Council authorize the City Solicitor to introduce any necessary Bills required to give effect to City Council's decision and authorize the City Solicitor to make any necessary refinements, including stylistic, format and organization, as may be identified by the City Solicitor, the Chief Financial Officer and Treasurer, and the General Manager, Solid Waste Management Services.
4. City Council direct that all the interim rates, fees and charges set out in Appendix A to this report, adopted by Council in Recommendation 1 and 2 above, continue in full force and effect until such time as they are amended or repealed by City Council.

FINANCIAL IMPACT

Solid Waste Management Services is a utility funded program that recovers program costs from a combination of user fees and rates, recoverable debt, other charges, and an agreement to provide recycling collection services on behalf of producers during the Extended Producer Responsibility transition timeframe (July 1, 2023, to December 31, 2025).

The 2024 interim rate increase of 3% provides funding to support Solid Waste Management Services operations and capital projects as well as waste diversion and reduction.

This recommended interim rate increase is consistent with the financial modeling and the annual rate increase forecasted for 2024 during the 2023 Budget Process, as part of the 10-Year Plan approved by Council through adoption of the recommendations in the 2023 Property Taxes, User Fees, and Related Matters Report. Consideration during the 2024 budget process may result in amendments being made by City Council to the interim rates and service fees.

The interim 3% utility rate increase for 2024 is recommended to maintain the contribution to the Waste Management Reserve fund in line with last year's forecast to finance future capital investments, which include the development of increased organics processing capacity, landfill gas utilization initiatives, Long-term Residual Waste Disposal options and the Dufferin Waste Facility Site Improvement project.

The proposed interim SWMS increase of 3%, if approved by City Council, is anticipated to generate approximately \$10.342 million in additional revenue for SWMS operational and capital program needs.

DECISION HISTORY

At its meeting on December 14 and 15, 2022, City Council adopted, effective January 1, 2023, the Solid Waste Management Services rates and fees. The 2023 Interim Solid Waste Management Services Rates and Fees report, adopted by City Council, can be viewed at: [Agenda History - 2023 EX1.2 \(toronto.ca\)](#)

At its meeting on February 15, 2023, City Council adopted, effective January 1, 2023, the Solid Waste Management Services rates and fees to be charged, concurrently with the 2023-2032 Solid Waste Management Service Capital Plan and the 2023 Operating Budget. The 2023 Interim Solid Waste Management Services Rates and Fees report was adopted by City Council and was approved last year by the Property Taxes, User Fees and Related Matters report which can be viewed at: [Agenda Item History - 2023.CC4.1 \(toronto.ca\)](#)

COMMENTS

ISSUE BACKGROUND

Since Bill 3 amended the City of Toronto Act to provide for the Mayor to present the City's annual Operating and Capital Budgets to City Council no later than February 1, Solid Waste Management Services rates and service fees are subject to Council's approval of the annual budget in February. City staff are recommending the adoption of the proposed 2024 interim Solid Waste Management Services rates and service fees, effective January 1, 2024, in advance of the 2024 Tax and Rate Supported Operating and Capital Budgets going to City Council in February, to allow the new rates and fees to become effective from January 1, 2024.

The recommended interim rate increase is consistent with financial modeling and the rate increase requirements presented during the 2023 Budget Process including the 10 Year Plan approved by City Council.
