Subject: Toronto Ribfest 2023 - Street Signage

Hi Stephen:

Further to our virtual meeting on November 4th, the Etobicoke Rotary Club is moving ahead with planning for Ribfest 2023 in Centennial Park on the Canada Day weekend. We met with Chris Clark from the City Parks Dept. and as you suggested he was very helpful and supportive of our event and we have subsequently submitted the Permit Application forms.

Since street signage has been the critical advertising media for all our Ribfests, we would appreciate your support by raising a motion for it at the next Etobicoke York Council meeting. Once we have received a Permit from the City and approval from the Etobicoke York Council for our street signage, I would like to pick you brains for the names of contacts in the local Ukrainian community so that we can explore working with them.

Gord Duncan

Co-Chair Ribfest 2023
