To: Chair and Members of General Government Committee
City Hall, 100 Queen St W
Toronto ON, M5H 2N2

Dear Chair and Members,

Review and recommendations on Underground Locates

A variety of construction project have been delayed in Ward 4 and throughout the City due to complications with underground infrastructure.

Recommendation:

That City staff report back by end of 2023 to General Government Committee with:

1. review of practice for how the city and contractors currently report on underground infrastructure prior to construction design, and
2. recommendations on how to improve the process to better understand underground locates of infrastructure prior to design.

Sincerely,

Gord Perks, City Councillor,
Ward 4 Parkdale-High Park
