

## Attachment 2 - Map and Sketch of Subleased and Sublicensed Areas

### Map of Subleased and Sublicensed Areas

## Preliminary Sketch of Subleased and Sublicenced Areas

A preliminary sketch was provided during the RFP process and below is an update of the sketch through ongoing survey work. A more detailed and accurate diagram will be included as part of the Agreements, but the following sketch illustrates the approximate areas the City leases and licences from the Province of Ontario, which represent the Subleased and Sublicenced Areas.

- Areas leased from the Province of Ontario until December 31, 2034:
  - Area 1 is approximately 198,057 square metres
  - Area 2 is approximately 37,203 square metres
  - Area 4 is approximately 4,921 square metres
- Area 3 is approximately 103,352 square metres. It is the hydro corridor intersecting the leased areas, licensed from the Province of Ontario until December 31, 2030.
