It was a mistake. I was commenting on another matter.

Please replace it with this

Comments:

I request that the Committee refuse to declare this land as "Surplus" as I believe the report is incomplete.

First: From whom was the land expropriated from in 1910? It says in the report that: *"the expropriating authority shall not...dispose of the lands without giving the owners from whom the lands were taken the first chance to repurchase the lands."*

This information should be included in the report.

Second, the report does not identify the land which the City will receive from the Province as a result of the swap. How can a decision be made without that information?

Subject: My comments for 2023.GG3.20 on April 20, 2023 General Government Committee

To the City Clerk:

Please add my comments to the agenda for the April 20, 2023 General Government Committee meeting on item 2023.GG3.20, Ontario Place Redevelopment - Declaration of Surplus

I understand that my comments and the personal information in this email will form part of the public record and that my name will be listed as a correspondent on agendas and minutes of City Council or its committees. Also, I understand that agendas and minutes are posted online and my name may be indexed by search engines like Google.

Comments:

I don't understand how it is possible to discuss this proposal today as a new proposal will need to be resubmitted to the City with the addition of the new venue (the Ontario Science Centre) that the Province announced today.
