

Attachment 8: Engagement Summary
Table 1 – Summary of Engagement Events

#	Activity	Date	Groups Reached	Purpose
1	Online Survey #1	June 30 to October 12, 2021	General public; over 6,000 responses.	To understand how park users were traveling to, from and within the park, and impact of the weekend road closures.
2	Online Internal Stakeholder Session #1: Orientation	November 9, 2021	City Staff from PFR, Transportation Services, other Divisions (such as City Planning, Museum Services, Emergency Services, Accessibility Unit, Indigenous Affairs Office) and other agencies (such as TTC, Toronto Parking Authority, Toronto Police).	To provide an opportunity for City staff and other partners to learn about and discuss HPMS. The session focused on building project awareness and gathering feedback from internal stakeholders at an early study stage, which informed development options.
3	Discussion with Rights-Holders	November 2021	Mississaugas of the Credit First Nation (MCFN)	Initial discussions with MCFN to share information about the project and learn about engagement preferences.
4	Online External Stakeholder Session #1: Orientation	December 9, 2021	External Stakeholder Group (See Table 2); 17 participants representing 14 stakeholder groups	To provide information on the project background, objectives and scope, and gather initial feedback from stakeholders on their experiences traveling to, from and around High Park.
5	Online External Stakeholder Session #2: Mobility Workshop	April 13, 2022	External Stakeholder Group (See Table 2); 18 participants representing 14 stakeholder groups	To provide an update on the study and work to date, share key findings and gather the stakeholder's feedback on possible interventions developed to date.

#	Activity	Date	Groups Reached	Purpose
6	PF&R Community Disability Steering Committee #1 (online)	June 9, 2022	Community Disability Steering Committee Advisory Group	To inform on the study process, goals, key findings, options and opportunities of mobility/accessibility improvements. The advisory group provided feedback on High Park accessibility issues, travel preferences and improvement opportunities.
7	Online Survey #2	July 8 to August 19, 2022	General public; over 10,000 responses.	To understand users' priorities and preferences for travel network in High Park and to get feedback on the draft strategies proposed to date.
8	Talk to the Team Events in High Park	July 14, 16 and August 10, 2022	Park visitors, more than 70 participants.	To reach a broader audience who may not been able to participate in the online events to inform and update about the study and gathering input on potential improvements to the travel network, including community feedback on the proposed draft strategies.
9	Pre-Meeting with Rights-holders	July 19, 2022	Mississauga of the Credit First Nation representatives.	To inform and update on the study and on the proposed strategies. The discussion focused on understanding how members of MCFN are using the park, the impact of the proposed strategies on park access and the preferences and recommendations for engagement with MCFN members.
10	Online Open House #1	July 27, 2022	General public; 88 participants.	To update on the study, share key findings and answer questions on the proposed draft strategies and on the overall study process.

#	Activity	Date	Groups Reached	Purpose
11	Cycling in High Park Online Meeting	August 31, 2022	Cycling Groups active in High Park.	To hear directly from local cycling groups who actively ride in High Park, share information about the study process and outcomes, share cycling feedback from other users, and discuss safety issues, opportunities of improvements to the current travel network and support for cycling activities.
12	City Staff Open House	September 28, 2022	City Staff working in High Park including Parks Operations, Urban Forestry, and Community Recreation	To provide information on the study process and proposed draft strategies to staff who work in High Park. The HPMS team gathered staff input on priorities and preferences for the proposed draft strategies and answered questions about the study process and impact of changes to the travel network.
13	Online Internal Stakeholder Session #2	November 16, 2022	City Staff from PFR, Transportation Services, other Divisions (such as City Planning, Emergency Services, Accessibility Unit, Indigenous Affairs Office) and other agencies (such as TTC, Toronto Parking Authority, Toronto Police).	To share an update on the study, present refined draft strategies and provide information on the evaluation criteria. The meeting focused on gathering input from staff who work directly in and around High Park to help assess the feasibility of possible changes to the travel network.
14	PF&R Community Disability Steering Committee #2 (online)	December 15, 2022	Community Disability Steering Committee Advisory Group.	To update on the study process and inform on the proposed draft strategies and evaluation framework. The advisory group provided feedback on the impact of proposed changes on accessibility.

#	Activity	Date	Groups Reached	Purpose
15	Indigenous Groups Open House	January 27, 2023	Indigenous Led-Groups active in High Park: Turtle Protectors, Msit no'kmaq, Indigenous Land Stewardship Circle, Taiaiko'n Historical Preservation Society, High Park Nature Centre	To hear from the indigenous-led groups who undertake activities in High Park and better understand mobility needs. The consultation focused on activities led by these groups, priorities and preferences on the travel network, current experience with traveling to and from the park, impact of potential changes to the travel network and indigenous activities in High Park and opportunities to support place-keeping initiatives. The participants were informed on the study process, proposed strategies and emerging direction.
16	Online External Stakeholder Session #3: Emerging Directions	February 2, 2023	External Stakeholder Group (See Table 2); 32 participants representing 19 stakeholder groups	To provide an update on feedback and findings gathered to date, describe the refinement of draft strategies, an overview of the evaluation process and the emerging directions. Feedback on different accommodations and considerations to support needs of different stakeholders were also collected.
17	Online meeting with 440 Parkside Collective	February 10, 2023	440 Parkside Collective representatives.	To better understand the mobility needs and preferences of this group in High Park. The consultation focused on the activities held in the park, priorities and preferences on the travel network, current experience with traveling to and from the park, impact of changes proposed by the draft strategies to the travel network and opportunities to support place-keeping initiatives in High Park. The participants were informed on the study process, proposed strategies and emerging direction.

#	Activity	Date	Groups Reached	Purpose
18	Public Open House #2	April 3, 2023	General Public, approximately 280 attendees	To share information with park users about the study process and the preferred strategy, and provide an opportunity for the public to ask questions of staff and hear from each other.
