Motion without Notice

MM7.32	ACTION			Ward: 9
--------	--------	--	--	---------

1122 Queen Street West - CaféTO Curb Lane Café - Waiving Permit Parking Requirement in Municipal Code Chapter 742 - by Councillor Alejandra Bravo, seconded by Councillor Ausma Malik

** This Motion has been deemed urgent by the Chair.*

** This Motion is not subject to a vote to waive referral. This Motion has been added to the agenda and is before Council for debate.*

Recommendations

Councillor Alejandra Bravo, seconded by Councillor Ausma Malik, recommends that:

1. City Council authorize the Executive Director of Municipal Licensing and Standards or General Manager of Transportation Services to exempt curb lane café permit area on the flankage of 1122 Queen Street West, Hello 123, from the requirements of § 742-10.2A(2) of City of Toronto Municipal Code Chapter 742, Sidewalk Cafés, Parklets and Marketing Displays.

Summary

Hello 123, located at 1122 Queen St W, had submitted an application for a curb lane café on the flankage street Lisgar Street. Following a feasibility assessment by CaféTO staff it was determined that the café on Lisgar Street would not be compliant with City of Toronto Municipal Code Chapter 742, Sidewalk Cafés, Parklets and Marketing Displays. The curb lane café would be located on a local road with permit parking and would have an impact on existing alternate side parking. My office has worked with the CaféTO team and a solution has been developed that would ensure that the alternate side parking adjacent to the curb lane café would remain unaffected. However, the requirement related to a curb lane café not being on a local road with permit parking would need to be waived.

This motion would provide the pathway to exempt Hello 123 from the permit parking requirement of Municipal Code Chapter 742, Sidewalk Cafes, Parklets and Marketing Displays, and allow them to install a flankage curb lane café on Lisgar Street.

This motion is urgent because the business requires City Council approval before the patio can be installed. Approving this motion at this meeting would reduce the delays and speed up the installation.
