Dear Mayor and Councillors,

I urge you to support restoring North York Civic Centre to previous hours of operation that included evenings and weekends as soon as possible, especially before winter.

This Civic Centre is an important hub for community meetings and connectivity. Currently there is no space available for evening or weekend community consultations.

For over two decades, it has served as an important connection for several condominium building residents who have come to rely on North York Civic Centre to access many community amenities including North York Centre Public Library, grocery store, community swimming pool, shopping, pharmacy and restaurants.

This not only provides a safe and sheltered pathway for all, especially seniors, it also creates a convenient travel option in a busy and densely populated neighbourhood.

Please re-open North York Civic Centre on evenings and weekends. The building plays an important role in our community and neighbourhood.

Sincerely,

Stan Chafe
