RE: Restoring the Median on Teddington Park Avenue

Dear Chair and Colleagues,

The median on Teddington Park Avenue, particularly between Yonge Street and Bocastle Avenue, is in a significant state of disrepair. Due to the lower-than-regulated height, vehicles routinely drive over the median, causing damage to the sod and greenery and inhibiting growth in certain areas.

The median is not only a community amenity, but also an important safety feature that helps narrow lanes and reduce vehicle speeds on a residential street. While I have reported this issue to Transportation Services on multiple occasions, including as recently as 2022, a long-term solution to restore and maintain the median has not been identified and it continues to deteriorate.

RECOMMENDATIONS

That North York Community Council:

1. Direct General Manager, Transportation Services to restore the median on Teddington Park Avenue in 2023 and consult with the local Councillor on long-term solutions.

Sincerely,

Jaye Robinson
City Councillor
Ward 15 – Don Valley West
