Whereas Council through By-law 46-2022 established Section 415-19.2 in Chapter 415 of the Municipal Code to require Mandatory Pre-Application Consultation enacted on February 3, 2022;

Whereas Council through By-law 46-2022 originally established a transition period and effective date of Mandatory Pre-Application Consultation to be November 1, 2022;

Whereas Council through By-law 401-2022 amended the effective date from November 1, 2022 to April 3, 2023 thereby extending the transition period for Mandatory Pre-Application Consultation to be effective for the specified application types;

Whereas Council deems it appropriate to establish consistent application of the Mandatory Pre-Application Consultation requirements across the City and to ensure effective engagement between the City and applicant has occurred in a reasonable period of time before and after a pre-application consultation meeting to ensure effective and efficient decision making respecting the prescribed application types;

Whereas Council also deems it appropriate to amend Section 415-19.2 in Chapter 415 of the Municipal Code to not permit concurrent Mandatory Pre-Application Consultation meetings for Site Plan Control Approval applications with any other application types prescribed consistent with the report from the Interim Deputy City Manager, Infrastructure and Development Services, dated November 22, 2022, adopted by Council through Council Decision Item EX1.4 on December 14 and 15 2022;
