Appendices

The purpose of this report is to assist you, as a member of the Audit and Risk Management Committee, in your review of the plan for our audit of the financial statements. This report is intended solely for the information and use of Management, the Audit and Risk Management Committee, and the Board of Directors and should not be used for any other purpose or any other party. KPMG shall have no responsibility or liability for loss or damages or claims, if any, to or by any third party as this report to the Audit Committee has not been prepared for, and is not intended for, and should not be used by, any third party or for any other purpose.

Digital use information

This Audit Planning Report is also available as a “hyper-linked” PDF document.

If you are reading in electronic form (e.g. In “Adobe Reader” or “Board Books”), clicking on the home symbol on the top right corner will bring you back to this slide.

Click on any item in the table of contents to navigate to that section.

Audit highlights

No matters to report

Matters to report – see link for details

Scope

Our audit of the financial statements (“financial statements”) of Toronto Parking Authority (“the Company”) as of and for the year ending December 31, 2023, will be performed in accordance with Canadian generally accepted auditing standards.

Audit strategy

Materiality \$3,400,000

Involvement of others

Updates to our prior year audit plan

Risk assessment

Risk of management override of controls

Other risks of material misstatement

Presumed risk of fraudulent revenue recognition

Materiality

We **initially determine materiality** at a level at which we consider that misstatements could reasonably be expected to influence the economic decisions of users. Determining materiality is a matter of **professional judgement**, considering both quantitative and qualitative factors, and is affected by our perception of the common financial information needs of users of the financial statements as a group. We do not consider the possible effect of misstatements on specific individual users, whose needs may vary widely.

We **reassess materiality** throughout the audit and revise materiality if we become aware of information that would have caused us to determine a different materiality level initially.

Plan and perform the audit

We **initially determine materiality** to provide a basis for:

- Determining the nature, timing and extent of risk assessment procedures;
- Identifying and assessing the risks of material misstatement; and
- Determining the nature, timing, and extent of further audit procedures.

We design our procedures to detect misstatements at a level less than materiality in individual accounts and disclosures, to reduce to an appropriately low level the probability that the aggregate of uncorrected and undetected misstatements exceeds materiality for the financial statements as a whole.

Evaluate the effect of misstatements

We also **use materiality** to evaluate the effect of:

- Identified misstatements on our audit; and
- Uncorrected misstatements, if any, on the financial statements and in forming our opinion.

Initial materiality

Budgeted Total Revenue

\$138,937,000

(2022: \$124,190,000 Actual Total Revenue)

Performance Materiality (PM)

\$2,890,000

(2022: \$2,630,000)

Audit Misstatement Posting Threshold (AMPT)

\$170,000

(2022: \$155,000)

Significant risks

Management Override of Controls (non-rebuttable significant risk of material misstatement)

RISK OF

FRAUD

Why is it significant?

**Presumption
of the risk of fraud
resulting from
management
override of
controls**

Management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively. Although the level of risk of management override of controls will vary from entity to entity, the risk nevertheless is present in all entities.

Our planned response

As this presumed risk of material misstatement due to fraud is not rebuttable, our audit methodology incorporates the required procedures in professional standards to address this risk. These procedures include:

- testing of journal entries and other adjustments,
- performing a retrospective review of estimates
- evaluating the business rationale of significant unusual transactions.

Advanced technologies

Our **KPMG Clara Journal Entry Analysis Tool** assists in the performance of detailed journal entry testing based on engagement-specific risk identification and circumstances. Our tool provides auto-generated journal entry population statistics and focusses our audit effort on journal entries that are riskier in nature.

[Click to learn more](#)

Other risks of material misstatement

Areas	Level of risk due to error	Our planned response
Cash and cash equivalents		• Obtain confirmations of the year-end cash balances from third parties. • Review of bank reconciliations and agree significant reconciliation items to supporting documentation. • Review financial statements note disclosures.
Due to/from related parties		• Obtain confirmations from City of Toronto and related agencies to ensure existence, accuracy and completeness of the intercompany receivable and payable balance. • Review financial statements note disclosures.
Property and equipment Amortization of property and equipment		• Select a sample of additions and agree to original invoices to ensure proper accounting treatment. • Review significant disposals, if any. • Assess the reasonableness of amortization expense by performing recalculation. • Review financial statements note disclosures.

Other risks of material misstatement

Key milestones and deliverables

Oct – Nov 2023

Planning & Risk Assessment

- Debrief prior year with management
- Kick-off with management
- Planning and initial risk assessment procedures, including:
 - Identification and assessment of risks of misstatements and planned audit response for certain processes
- Obtain and update an understanding of the Company and its environment
- Inquire of the Audit and Risk Management Committee, management and others within the Company about risks of material misstatement

Oct - Nov 2023

Risk assessment & Interim work

- Evaluate the Entity's components of internal control, other than the control activities component
- Perform process walkthroughs for certain business processes
- Complete interim data extraction and processing activities
- Complete initial risk assessment
- Communicate audit plan
- Identify IT applications and environments
- Evaluate D&I of controls for certain business processes (control activity component)
- Perform TOE of control activities
- Provide update on audit progress

Mar - May 2024

Final Fieldwork & Reporting

- Complete year-end data extraction and processing activities
- Perform remaining substantive audit procedures
- Evaluate results of audit procedures, including control deficiencies and audit misstatements identified
- Review financial statement disclosures
- Closing meeting with management
- Present audit results to the Audit and Risk Management Committee and perform required communications
- Issue audit report on financial statements

Continuous evolution

Appendix A: Other required communications

CPAB communication protocol

The reports available through the following links were published by the Canadian Public Accountability Board to inform Audit Committees and other stakeholders about the results of quality inspections conducted over the past year:

- [CPAB Audit Quality Insights Report: 2021 Annual Inspections Results](#)
- [CPAB Audit Quality Insights Report: 2022 Interim Inspections Results](#)
- [CPAB Audit Quality Insights Report: 2022 Annual Inspections Results](#)

Appendix B: Use of Technology - KPMG Clara

Streamlined client experience

And deeper insights into your business, translating to a better audit experience.

Secure

A secure client portal provides centralized, efficient coordination with your audit team.

Intelligent workflow

An intelligent workflow guides audit teams through the audit.

Increased precision

Advanced data analytics and automation facilitate a risk-based audit approach, increasing precision and reducing your burden.

Appendix C: Audit quality: How do we deliver audit quality?

Quality essentially means doing the right thing and remains our highest priority. Our **Global Quality Framework** outlines how we deliver quality and how every partner and staff member contributes to its delivery.

Perform quality engagement sits at the core along with our commitment to continually monitor and remediate to fulfil on our quality drivers.

Our **quality value drivers** are the cornerstones to our approach underpinned by the **supporting drivers** and give clear direction to encourage the right behaviours in delivering audit quality.

 [KPMG 2022 Audit Quality and Transparency Report](#)

We define 'audit quality' as being the outcome when:

- audits are **executed consistently**, in line with the requirements and intent of **applicable professional standards** within a strong **system of quality management**; and
- all of our related activities are undertaken in an environment of the utmost level of **objectivity, independence, ethics and integrity**.

Appendix C: Audit quality - Indicators (AQIs)

The objective of these measures is to provide more in-depth information about factors that influence audit quality within an audit process. Below are the AQIs that we have agreed with management are relevant for the audit. We would like to obtain agreement of the Audit and Risk Management Committee that these are the relevant AQIs.

We will communicate the status of the below AQIs on an annual basis.

Team composition

Experience of the team

- Role – number of years experience in the industry, number of years on this engagement

Technology in the audit

Implementation of Technology in the Audit

- Increase in use of technology in the audit year over year

Timing of prepared by client (PBC) items

Timeliness of PBC items

- Number of timely and overdue items received by the audit team.

Appendix D: Newly effective and upcoming changes to accounting standards

For more information on newly effective IFRS Standards see **Current Developments**

*IFRS Standards are effective for annual periods beginning on or after January 1, 2023/2024/2025 as indicated. IFRS Standards effective January 1, 2024/2025 are available for early adoption

#Optional

Appendix E: Newly effective and upcoming changes to auditing standards

For more information on newly effective and upcoming changes to auditing standards - see Current Developments

Effective for periods beginning on or after December 15, 2022

ISA/CAS 220

.....
(Revised) Quality management for an audit of financial statements

ISQM1/CSQM1

.....
Quality management for firms that perform audits or reviews of financial statements or other assurance or related services engagements

ISQM2/CSQM2

.....
Engagement quality reviews

Effective for periods beginning on or after December 15, 2023

ISA 600/CAS 600

.....
Revised special considerations – Audits of group financial statements
