Re: All-Way Stop Control – Denton Avenue and Robinson Avenue

Dear Chair and Members of Scarborough Community Council,

Background:

For some time, residents have been contacting my office with right of way concerns at the intersection of Denton and Robinson, and recently there was an accident there. Having spoken in person with many in the area, I've found there is overwhelming support for implementation of an all way stop control at this location.

I am requesting installation of an all way stop control at the intersection of Denton Ave. and Robinson Ave.

Recommendation:

1. Scarborough Community Council authorize a compulsory all-way stop control at the intersection of Denton Avenue and Robinson Avenue.

Sincerely,

Gary Crawford
Councillor, Ward 20
Scarborough Southwest
