

NICK MANTAS | CITY COUNCILLOR

WARD 22, SCARBOROUGH-AGINCOURT

November 14, 2023

Subject: Installation of All-Way Compulsory Stop Control – Village Green Square, two locations

Dear Scarborough Community Council

In response to concerns brought to my attention by members of the community, and at the request of Transportation Services, I am bringing forward a motion to Scarborough Community Council to install all-way compulsory stop controls at two locations in the Village Green Square community.

Currently, the two subject locations on Village Green Square each have a yield sign on the north side of the intersection, all other traffic is free flowing at each of these intersections. The proposed all-way stop controls at these intersections is intended to ensure greater road user safety.

Recommendations

It is recommended that:

1. Scarborough Community Council authorize all-way compulsory stop control at the intersection of the southerly east-west branch of Village Green Square and the westerly north-south branch of Village Green Square.
2. Scarborough Community Council authorize all-way compulsory stop control at the intersection of the southerly east-west branch of Village Green Square and the easterly north-south branch of Village Green Square.

Let me know if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "Nick Mantas". The signature is written in a cursive style with a horizontal line underneath the name.
