## **Ramsden Park Road Speed Limit**

The ABC Residents Association has requested that the city improve pedestrian safety at the edge of Ramsden Park by reducing the speed limit on the short, abutting, dead-end road, Ramsden Park Road, to 15 km an hour.

### **Recommendation**

I recommend that Toronto and East York Community Council reduce the existing speed limit on the full length of Ramsden Park Road, between the west end of Ramsden Park Road and Yonge Street, from 30 kilometres an hour to 15 kilometres an hour.
