Chair, Toronto and East York Community Council
Toronto City Hall

Improving Pedestrian Safety at Frankland Public School

Dear Chair and Members of Toronto and East York Community Council,

Frankland Public School is located on Logan Avenue, immediately south of Danforth Avenue, both of which are busy roads. On Logan Avenue, between Garnock Avenue and Danforth Avenue, directly adjacent to the school, there is an existing marked crosswalk that is extremely faded and requires refreshing.

I am writing today to seek your support in improving the school safety zone measures around Frankland School.

Recommendation:

1. Toronto and East York Community Council request that Transportation Services repaint and refresh the existing crosswalks on Logan Avenue between Garnock Avenue and Danforth Avenue and report back to the October 18, 2023 meeting of Toronto and East York Community Council to provide an exact timeline for this work.
2. Toronto and East York Community Council request that Transportation Services install "slow down" road markings on Logan Avenue between Garnock Avenue and Danforth Avenue and report back to the October 18, 2023 meeting of Toronto and East York Community Council to provide an exact timeline for this work.

Sincerely,

Paula Fletcher
City Councillor
Ward 14, Toronto-Danforth
