RE: Traffic Calming Measures on Holland Park Avenue, between Oakwood Avenue and Winona Drive

Dear Chair and Members of Toronto and East York Community Council,

This past summer, a terrible collision at Oakwood Avenue and Holland Park Avenue resulted in life-threatening injuries for a pedestrian crossing Holland Park Avenue. This incident had a significant impact on students, nearby residents, and business owners in Oakwood Village. There is a need for immediate changes to ensure this area is safer for our residents.

In conversations with the Holland Park Traffic Management Committee, our office heard concerns regarding speeding vehicles along Holland Park. A community poll was conducted for traffic calming measures, and residents overwhelmingly supported the installation of speed humps on Holland Park Avenue, from Oakwood Avenue to Winona Drive.

I respectfully request your support on the following recommendations.

RECOMMENDATIONS

It is recommended that the Toronto and East York Community Council:

1. Waive the polling requirement under the City's Traffic Calming Policy and authorize the installation of traffic calming (speed humps) on Holland Park Avenue, between Oakwood Avenue and Winona Drive.
2. Direct the City Solicitor to prepare a by-law to alter the roadway to install four speed humps on Holland Park Avenue, between Oakwood Avenue and Winona Drive, generally as shown on Drawing No. TC-192, dated November 2023 from the Director, Traffic Management, Transportation Services.

Sincerely,

Alejandra Bravo

City Councillor
Ward 9, Davenport
