ZOOPHONY

Have you heard about our [Zoophony](#) concert? 🐯

It's a unique digital concert about animal sounds that we've created in collaboration with the Toronto Symphony Orchestra. In Zoophony, we explore the musical side of animal sounds, and the animal side of musical sounds. We even journey into a world where animals can play music!

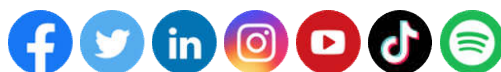

The concert is approximately 50-minutes long, but it can be watched in two parts if needed (26 minutes for part 1, and 24 minutes for part 2)
