2024 Operating Budget and 2024-2033 Capital Budget & Plan Briefing to Budget Committee

January 18, 2024

While we aim to provide fully accessible content, there is no text alternative available for some of the content within these pages. If you require alternate formats or need assistance understanding the charts, graphs, or any other content, please contact us at marco.cuoco@toronto.ca.

Enabling City Divisions, Agencies, Corporations and external partners to deliver the programs and services that residents and businesses rely on, through enterprise-wide leadership that improves service experiences, modernizes, sustains and protects critical technology and real estate assets, and drives climate action, in an effective and efficient manner.

### **Corporate Services**

#### Customer **Experience**

Single point of access to City services & modernizing customer experience across service channels (digital, phone, inperson)

#### **Corporate Real Estate** Management

Provide access to safe, clean and operational City facilities, ensuring they are economically and environmentally sustainable

#### **Environment** & Climate

Lead and support the development and implementation of community and corporate-wide policies and programs to advance the City's overall sustainability outcomes

### **Fleet Services**

Ensure the City has safe, available, reliable & environmentally sustainable fleet assets to meet service delivery requirements

### Office of the Chief **Information Security** Officer

Strengthen the City's cyber security posture, build a cyber smart workforce and minimize the impact of cyber incidents for the City

### **Technology Services**

Effectively enable the delivery of City services by ensuring the City's technology environment is resilient, robust and agile

## **Scope of Service Delivery**

Customer Experience

- Access to nonemergency City services, programs & information
- Over 495,000 service requests in 2023
- Strategic evolution of customer experience standards

Corporate Real Estate Management

- Life cycle asset management of over 474 facilities
- Project management & operational services across City portfolio
- Manage over 1,000 leases & provide property management services & support Citywide

Environment & Climate

- Leads and coordinates, across City Divisions, Agencies &
- Corporations, actions to reduce emissions and enhance resilience to climate change
- Collaborates on issues of corporate and community resiliency

Fleet Services

- Stewardship over 8,000 fleet assets
- Network of fuel & electric charging sites
- Largest municipal fleet in Canada & one of the most specialized & diverse in North America

Office of the Chief Information Security Officer

- Enhances cyber resiliency
  - & intelligence
  - capabilities Provide cyber
- awareness training to staff
- Provides 24/7 cyber threat monitoring, management, and cyber incident response services

Technology Services

- 1,463 enterprise & business solutions / applications
- 22,000+ mobile devices
- 24,000+ computers
- 3 data centres, 1,900 servers, 7x24x365
- 780+ facilities networked / 84,000+ switches, routers, hubs & ports

### **Services & Outcomes**

## Budget**TO**

### Strategic Outcomes

### **Corporate Outcomes**

Housing	ကြား Mobility	Climate Action	A Well-Run City					
All Torontonians have access to housing that is safe, affordable and suitable to their needs.	Toronto's <b>transportation</b> <b>network is accessible,</b> <b>resilient and reliable</b> , where residents and businesses are <b>connected</b> to vibrant communities.	Toronto's climate action initiatives mitigate the impact of climate events on the well being and prosperity of residents and businesses.	Toronto's <b>municipal</b> <b>operations are effective,</b> <b>efficient and resilient</b> in order to support service delivery.	Toronto's residents and businesses can conveniently transact and interact with their municipal government where, when and how they want.				
People & No	eighbourhoods	Equity	Financial					
All Torontonians feel safe and secure, and live in healthy, inclusive and culturally rich neighbourhoods.	Toronto's <b>economy is</b> <b>resilient and prosperous</b> with opportunities for residents and businesses.	All Torontonians have equitable access to City services and poverty is mitigated, especially for Indigenous, Black and	Toronto's <b>funding for</b> <b>services is adequate and</b> <b>sustainable</b> to meet the needs of Toronto residents and businesses in the near	Toronto's <b>tax dollars are</b> <b>invested in services with</b> <b>the highest value</b> for residents and businesses.				

and long term.

equity-seeking groups.

## 2024 Key Risks & Challenges

## Budget**TO**

### TALENT

- Ability to attract and retain staff for necessary skilled positions in a competitive labour market and global labour shortage
- Adequate succession planning with an aging workforce to support internal operations and safeguard City assets & information

$\langle \epsilon \rangle$	
<u>(</u> ~2	
$\langle C \rangle$	
	$(\mathbf{O})$

### **CLIMATE ACTION**

- Achieving Council-approved target of net-zero emissions by 2040 requires dedicated financial support and policy leadership from all orders of government.
- Community-wide actions and behavioural change is needed, along with policy and investments from all levels of government and business communities, to achieve community-wide goals.

### ASSET LIFECYCLE MANAGEMENT

- Balancing client needs while modernizing and optimizing the City's asset base to realize the best use and value from our assets
- Modernizing the technology environment and leveraging common technology platforms to ensure continued business operations and support efficiencies
- Managing impacts of continued inflationary pressures and price volatility on capital and operating programs

### RESILIENCE

- Aging building stock and asset base increases the risk of failure and unreliability of the City's corporate assets supporting program and service delivery. This drives the need for continued investment to maintain stable operations while incorporating resiliency efforts
- Increased levels and sophistication of cyber attacks as we continue to digitize

### **MODERNIZING GOVERNMENT**

- Organizational readiness for modernization, transformation and new technologies
- Transformational services & priorities to optimize corporate functions and meet City priorities, competing with finite fiscal and staffing resources
- Delays in modernization initiatives will delay the benefits to be realized, impacting both financial and service delivery

## **2024 Priority Actions**

## Budget**TO**

### TALENT

- Invest in staff through training and development with emphasis on complementing enterprise level diversity, equity and inclusion initiatives
- Fully operationalize newly designed skilled trades apprenticeship program to have a pipeline of well-trained, licensed, and competent technicians
  - Recruit critical positions that align with the City's strategic priorities

### **CLIMATE ACTION**

- Establish Emissions Performance Standards to improve energy performance of existing buildings, providing the greatest opportunity to decarbonize the building sector.
- Accelerate the electric vehicle charging station network and the conversion of light duty vehicles to electric vehicles under the Sustainable Fleets Plan
- Advance implementation and evolution of the Climate Lens and Carbon Budget to identify emission reduction and resiliency efforts across the City
- Continue to leverage public assets for climate action, including SolarTO, Wastewater Renewable Energy program, and exploring new programs

## 

### ASSET LIFECYCLE MANAGEMENT

- Reducing the total cost of ownership across corporate assets through improvements to life cycle asset management for City facilities, investment in SOGR and continued optimization of Fleet assets to comply with legislative / health & safety requirements and prioritize investments to align with modernization strategies, including Telematics
- Continued investment in optimizing and modernizing the City's technology assets to meet business and resident needs

### RESILIENCE

- On-going, proactive investment in technology and people to mitigate enterprise risk, and maintain business continuity
- Enhance cyber foundation to strengthen the City's overall cyber posture by continuing to invest and improve essential measures based on evolving cyber threats

### **MODERNIZING GOVERNMENT**

- Accelerate digital transformation to enhance City services. Unified and standardized customer experience (i.e., payments, service requests, permits/licenses, complaints, etc.)
- Continue to implement customer service operating model to improve customer experience including setting corporate standards, developing digital capabilities, and optimizing service channels
- Workplace Modernization Program continue to collapse leases and modernize City office space to reallocate real estate to other needs, e.g., housing
