SUMMARY

On July 16, 2021, Official Plan and Zoning By-law Amendment applications were submitted to permit two 18-storey (57.5 metre) rental apartment buildings connected by a 2 to 6 storey base building at 10-12 Oakburn Crescent (the "Site"). The Site is located within the Oakburn/Avonshire project, which is a comprehensive, phased redevelopment of the Oakburn Crescent and Oakburn Place lands. The overall Avonshire project generally consists of five residential towers (21-22 storeys) and several townhouse blocks, for a total of 1,383 proposed residential units, and includes a reconfigured road network and the provision of a large central park. The development is mostly built out. The subject applications are intended to permit the development of the final blocks of this larger redevelopment project.

The purpose of this report is to request further instructions for a matter before the Ontario Land Tribunal ("OLT").

DECISION HISTORY

On September 25, 26 and 27, 2006, City Council adopted the recommendations of the Request for Direction Report of the Director, Community Planning, North York District, regarding the original comprehensive redevelopment application filed in 2005:

At its meeting of February 5, 6, 7 and 8, 2007, City Council endorsed a settlement in relation to the proposed development of 1,195 new residential units, in the form of five residential apartment buildings (including a replacement rental building). The proposal endorsed by City Council in 2007 provided for two and three storey townhouse blocks on the Northern portion of the site, which area forms the subject site in the current application:

The site-specific Official Plan Amendment for the project was approved by the Ontario Municipal Board on February 28, 2007. The site-specific zoning, as well as the related draft plan of subdivision to create the road and lot pattern, was approved by the Ontario Municipal Board on November 1, 2007 and came into force on July 7, 2008.

On July 16, 2021, Official Plan and Zoning By-law Amendment applications were submitted to permit two 18-storey (57.5 metre) rental apartment buildings connected by a 2- to 6-storey base building, with a total gross floor area (GFA) of 35,776 square metres resulting in a density of 5.51 times the area of the lot. The application was deemed complete on September 7, 2021.

A preliminary report was adopted by North York Community Council on November 23, 2021 authorizing staff to conduct a community consultation meeting with an expanded notification boundary:

On January 13, 2022, the applicant filed an appeal with the OLT on the application due to Council not making a decision within the timeframes in the *Planning Act*.

A Request for Directions Report (dated March 25, 2022) from the Director, Community Planning, North York District was considered by City Council on May 11, 2022 and was adopted, directing the City Solicitor and Planning staff to attend at the OLT to oppose the Zoning By-law and Official Plan Amendment applications and to continue discussions with the Applicant in an attempt to resolve outstanding issues:

In March 2023, City Council adopted item CC5.32 accepting a settlement offer from counsel for the proponent and instructing the City Solicitor and appropriate City Staff to attend at the OLT in support of the settlement:

A decision in this matter was issued by the OLT on July 28, 2023. The final order was held pending the fulfillment of certain pre-conditions. No final order has been issued.
