### **To the Accessibility Advisory Committee:**

I am concerned to see that "Our Plan Toronto: Chapter One " does not include seniors or people of any age with disabilities.

With regard to housing, it merely says:

*" affordable housing choices that meet the needs of everyone throughout their life".*

I hope the Accessibility Advisory Committee will call for specific inclusion of universal design / accessible housing for all. (Remembering that even the fittest of Torontonians is just an accident or illness away from needing accessible housing. Universal design includes us all.)

Sincerely,

Kate Chung
