Dear Compliance Audit Committee,

My name is Simon Tran, and my donation was over the contribution limit by \$36.46 according to the BDO Compliance Report. The contribution was a result of the Amber Morley campaign's option to cover processing fees on 2 separate transactions. This resulted in a donation above the contribution limit. This was an error on both parties and completely unintentional. I hope that the Compliance Audit Committee will forgive this error and overcontribution that happened due to the lack of due diligence.

Regards,
Simon Tran
