

Attachment G: Noise Exemption Permit Screening Criteria

**** This document is in draft form and is for illustrative purposes only ****

As part of the Noise Exemption Permit application package, applicants would provide the information listed below. The results of this form will be assessed in conjunction with other documentation submitted as part of the Noise Exemption Permit Package. In determining whether to grant a Noise Exemption Permit and whether specific conditions should be applied to the exemption permit, the Executive Director, MLS, shall also consider the economic and/or cultural benefits to the City at-large in providing the exemption.

Assessment Criteria

Level 3 (High Impact) – total exceeding 11

Level 2 (Medium) – ranging from 7 to 10

Level 1 (Low) – total below 7
