RE: Multi-Methods Study on Shelter Safety

Dear Members of Economic and Community Development Committee,

The City of Toronto's Toronto Shelter and Support Services division has worked in partnership with the Centre for Addictions and Mental Health (CAMH) to commission and support a multi-methods study on shelter safety. The resulting report will be publicly released by CAMH, and includes an examination of use of service restrictions and safety issues for shelter users and staff.

The General Manager, Toronto Shelter and Support Services, has prepared an urgent presentation on this report for the Committee's consideration.

RECOMMENDATIONS:

1. That the Economic and Community Development Committee consider the presentation from the General Manager, Toronto Shelter and Support Services, at the meeting on April 30, 2024.

Sincerely,

Alejandra Bravo
City Councillor
Ward 9, Davenport
Chair, Economic and Community Development Committee
