

SafeTO:

TORONTO'S TEN-YEAR COMMUNITY SAFETY AND
WELL-BEING PLAN

MULTI-SECTOR VIOLENCE REDUCTION
School Boards Advisory Committee
June 18, 2024

What is SafeTO?

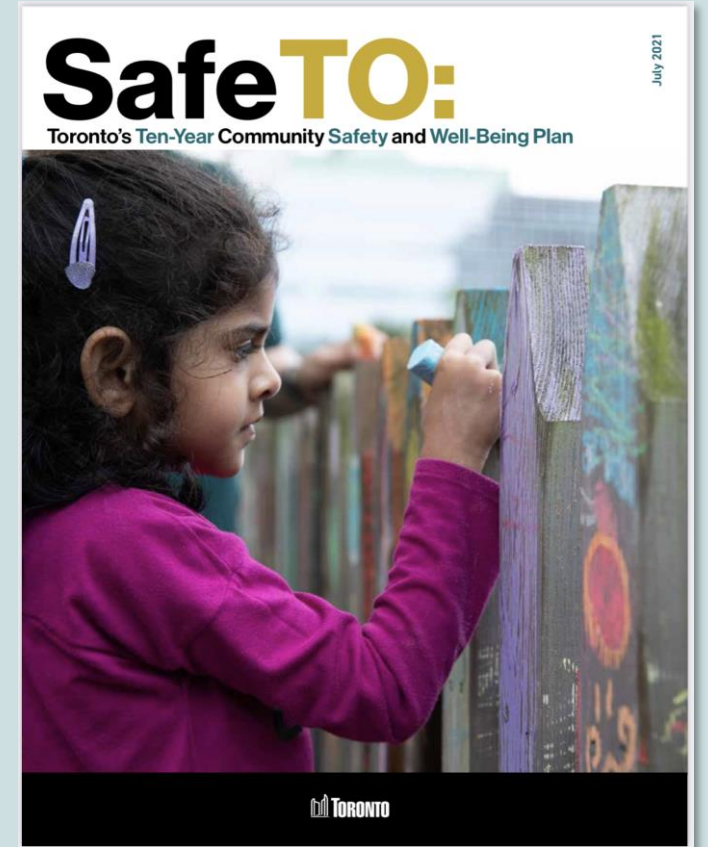

SafeTO is the City of Toronto's **comprehensive ten-year plan** to advance community safety and well-being.

It requires a **fundamental shift** in the way we think and act to achieve lasting and transformative change.

SafeTO provides a **roadmap** for how the City and social systems that serve Torontonians — such as community services, businesses, and healthcare, education and justice systems — can **work collaboratively across sectors** and with **all orders of government** to support community safety and well-being.

SafeTO's 26 actions span seven strategic goals:

Reduce
vulnerability

Reduce
violence

Advance
truth and
reconciliation

Promote
healing and
justice

Invest in
people

Invest in
neighbourhoods

Drive
collaboration
and
accountability

Phase One: Implementation

ACTION
1.3 Embed the **Toronto Community Crisis Service** as a well-resourced, first response service city-wide

»» TCCS city-wide expansion in 2024

ACTION
2.3 Strengthen **community crisis response protocols** to better support victims and communities impacted by violence

»» Community Crisis Response Program service expansion and community well-being and recovery investment

ACTION
2.1 Develop a comprehensive, multi-sector **gun violence reduction plan**

»» Establishment of the Toronto Violence Prevention Office

ACTION
7.1 Develop a comprehensive strategy to **share, integrate and analyze data** across multiple institutions

»» Establishment of the SafeTO Collaborative Analytics & Learning Environment (SCALE)

Objectives :

Apply an All of System Public Health Approach to the Coordination of Gun Violence Prevention, Intervention Response and Recovery

Systematically integrate gun violence reduction investments

Empower Locally Driven Community-Based Violence Intervention

Prioritize Data, Advanced Analytics and Insights to Inform Operations and Decision Making

Effective Communication

Toronto Violence Prevention Office

Governance

- Executive Leadership Table
- Steering Committee
- Lived Experience Advisory Committee
- Partnership Table
- Integrated Safety Coordination Teams

Staff Composition

- Backbone Support – Project Management, Policy Development, Issue Management, Communications and Advanced Analytics through SCALE
- Dedicated Institutional Staff from City, TDSB, TPS, TCHC
- Institutional Leads from TCDSB, TTC, SOLGEN, MAG, MCCSS

Network of existing committees, funded programs and community partners

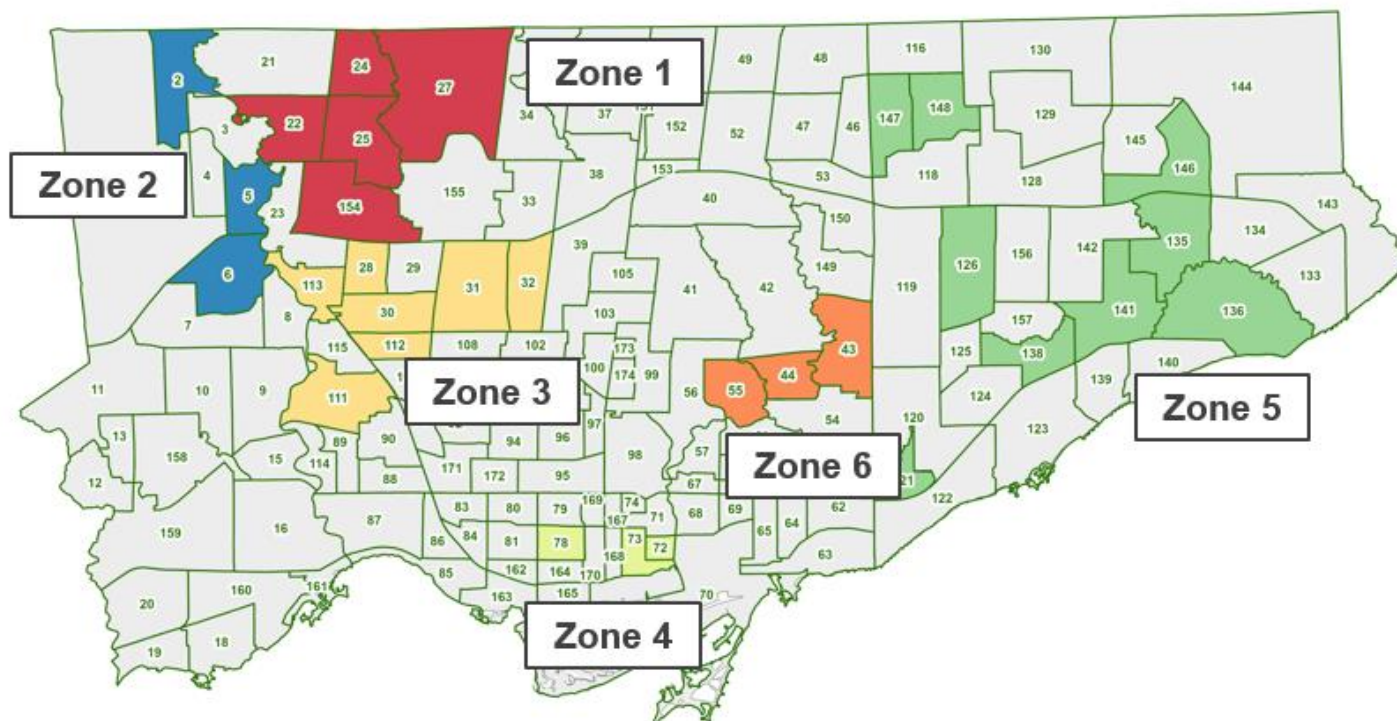

- Youth Violence Prevention Programs
- Hospital-based Violence Intervention Programs
- Gang Prevention and Intervention Programs
- Family Well-Being Programs
- Justice Programs
- Safety Committees and Intervention Tables

SafeTO Integrated Safety Coordination Teams (ISCT) Zones

Overview and Methodology:

The SafeTO Integrated Safety Coordination Teams (ISCT) zones are priority areas requiring coordination of efforts to address safety concerns. They were developed by City of Toronto and the Toronto Police Service in 2022 using neighborhood ranking data.

The data used in the analysis include Crime Severity Index, Shooting Index, Low Income Index, Low Educational Attainment Index, Unemployment Index and Lone Parent Index.

The Integrated Safety Coordination Teams (ISCT) are comprised of institutional partners and other partners as required that will meet on a bi-weekly or monthly basis or at ad hoc meetings as required following a critical incident or when timely mobilization is needed.

Applying a Public Health Approach

In 2019, Toronto City Council adopted a Toronto Board of Health report identifying community violence in Toronto as a public health issue

Public Health Approach

1. Define the Problem
2. Identify its Causes, Risk and Protective Factors
3. Develop and Test Prevention Strategies
4. Scale it if it works

Place

- Defined Geography and Micro-geographies

Population

- Individuals
- Families
- Communities

Risk

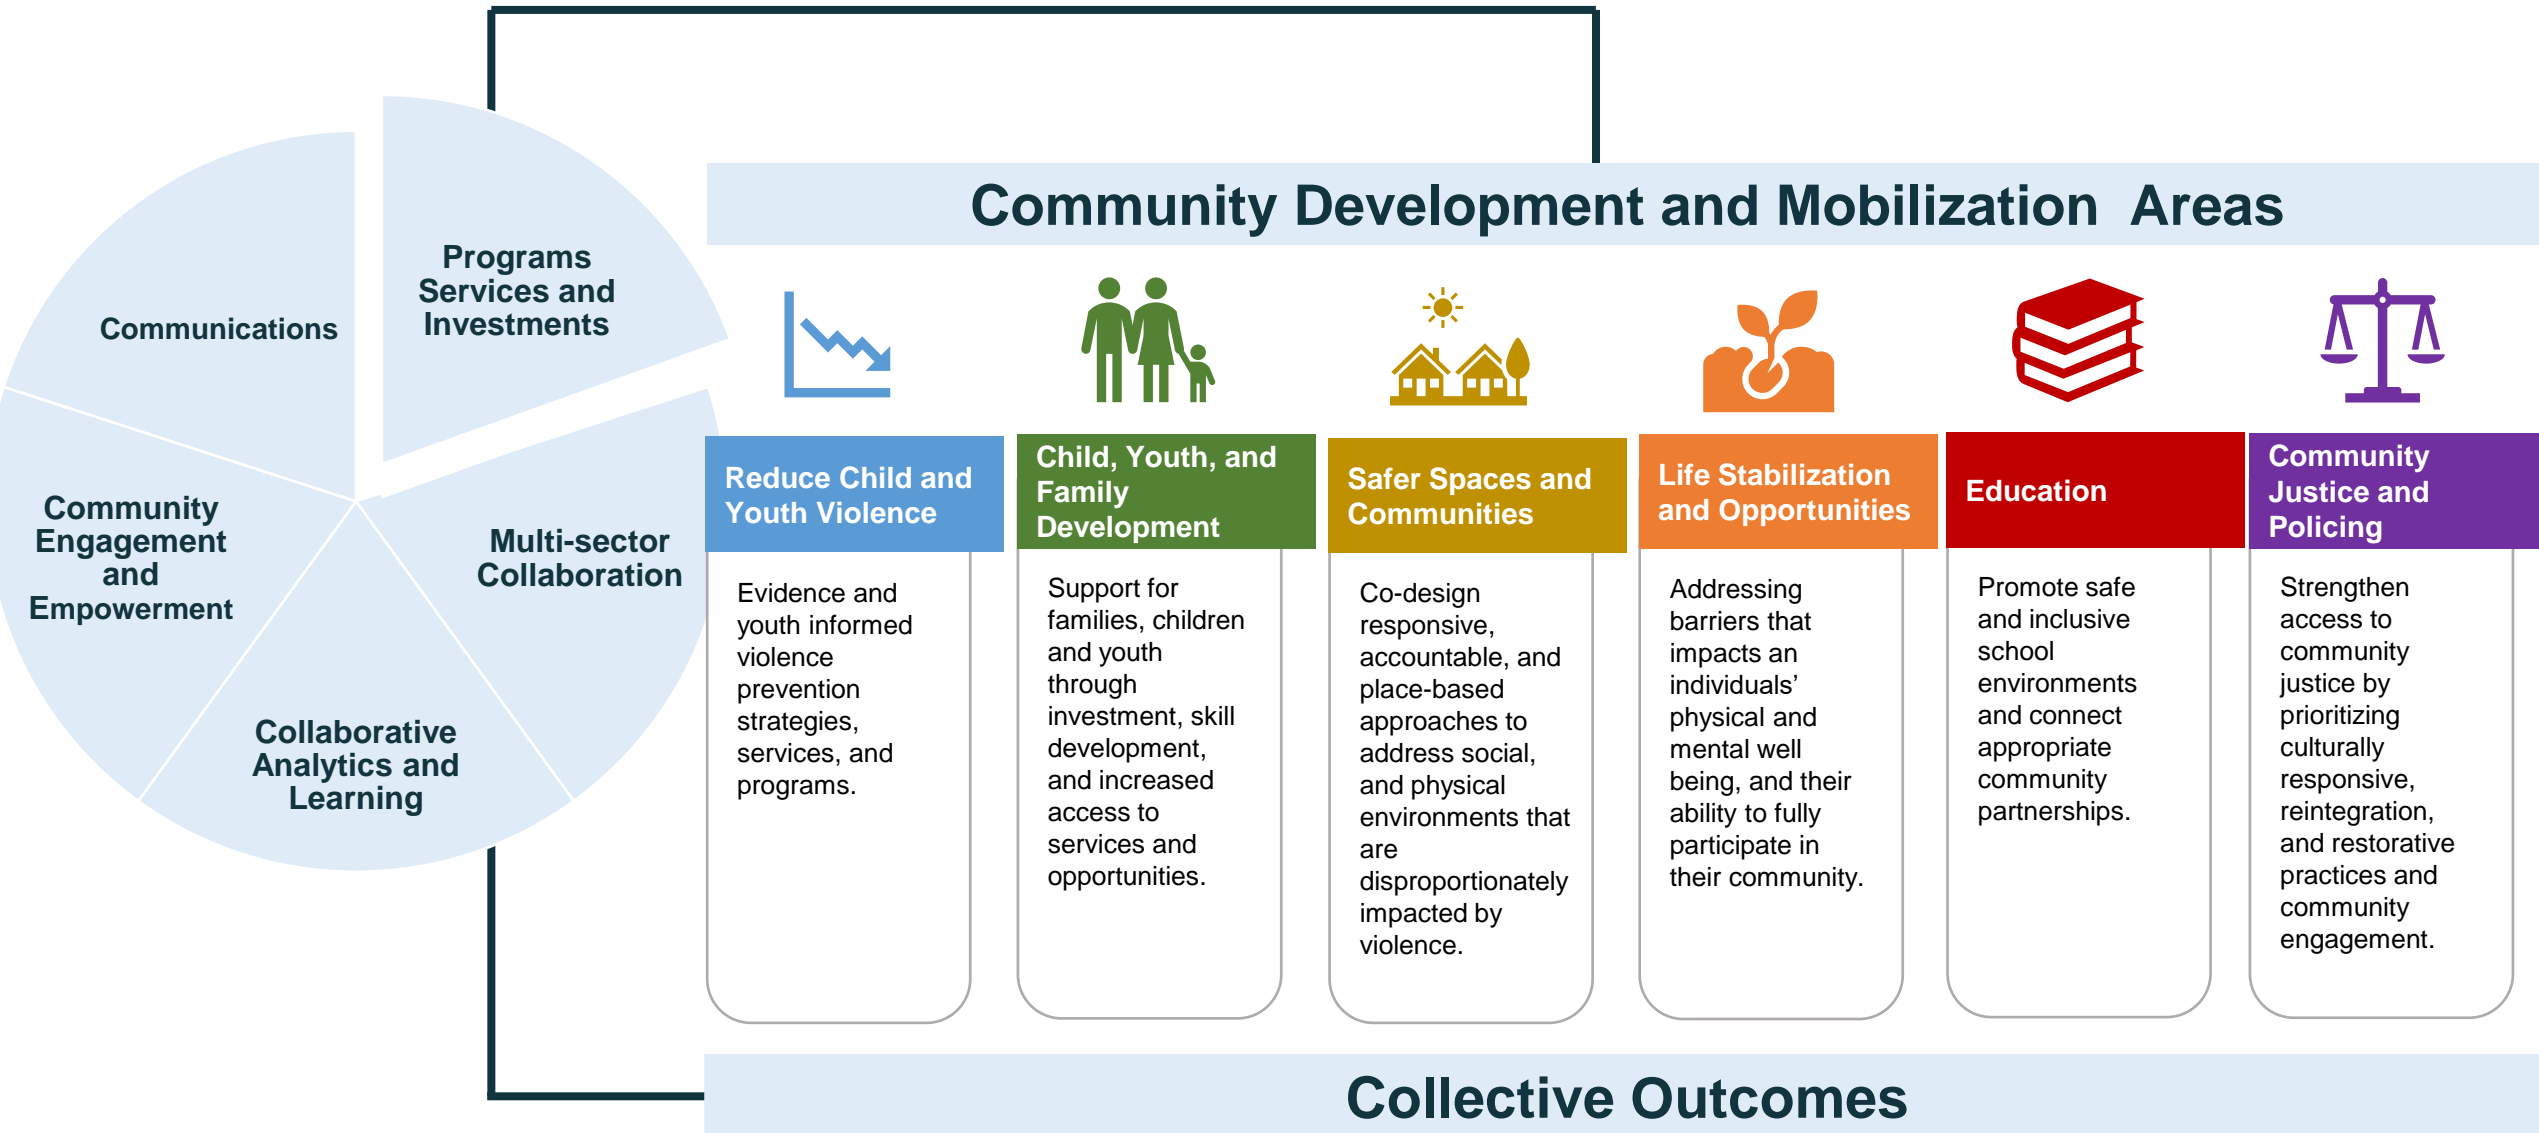

- Proximity to Violence

Intervention

- Prevention
- Intervention
- Response and Recovery

An All of System Approach to Violence Prevention

SafeTO Examples of Effective Collaboration

Strategy and Infrastructure

- TDSB Adoption of SafeTO
- Embedded TDSB Staff and dedicated TCDSB Lead in Toronto Violence Prevention Office and the SafeTO Collaborative Analytics Lab

Protocol Development

- Implemented Violent Threat Risk Assessments and Life Stabilization supports

Enhanced Responsiveness

- TDSB and TCDSB participation on FOCUS Toronto, and Integrated Safety Coordination Teams
- Integrated crisis response, recovery and healing

Engagement

- Strengthening School Community and Well-Being Symposiums
- SafeTObia Engagement with TDSB
- Organized Toronto Northwest Youth Violence Prevention Forum with TDSB and TCDSB
- Education Training Capacity Building Sessions including Non-violence Crisis Intervention
- Community Service Fairs with TDSB
- Safety Tables

Investment

- Aligning City funded Youth Violence Prevention Investments with TDSB and TCDSB strategies
