RE: IE10.2 - Cycling Network Plan - Make it happen in 2024!

Hello members of IEC,

As a resident who is lucky to live and work in the old city of Toronto, you have my enthusiastic support to implement the proposed new cycling upgrades and renewals.

I am delighted that in addition to important extensions to existing cycle tracks on University and Richmond, that some of the most used painted bike lanes including Hoskins-Harbord and Dundas East will be upgraded to protected cycle tracks.

With your support of the projects outlined in IE10.2 - Cycling Network Plan: 2024 Cycling Infrastructure Installation - First Quarter Update (Ward 3, 6, 10, 11, 12, 14), you are contributing towards the City's Vision Zero Road Safety Plan, TransformTO climate action targets, and community well-being in general, and thus making Toronto a safer, healthier and more affordable place to live and work.

Thank you for your leadership and for your consideration in this matter.

Thank you,
