RE: IE13.2 - eglintonTOday Phase 1 Complete Street Project: Bicknell Avenue to Mount Pleasant Road

To Chair McKelvie and members of the Infrastructure and Environment Committee,

I strongly support the staff recommendation for Phase 1 and Phase 11 of the eglintonTOday Complete Street project and request that the Midtown Yonge Complete Street be extended north to connect with Eglinton as soon as possible.

Building out the complete street network in Midtown Toronto through the eglintonTOday project and connecting it with the Midtown Yonge Complete Street will encourage more trips of 5 k or less to be completed by transit, bike and on foot – a key component of the City’s TransformTO Net-Zero Plan, and will contribute through safety measures to Toronto’s Vision Zero Road Safety Plan. As has been proven with the complete streets on Bloor, Danforth and Yonge, when we remake our streets as complete streets, the entire community benefits through safe and vibrant main streets, thriving businesses and accessible amenities.

I urge you to vote and recommend IE13.2 - eglintonTOday Phase 1 Complete Street Project: Bicknell Avenue to Mount Pleasant Road to City Council and request that the extension of the Midtown Yonge Complete Street be connected to Eglinton.

Thank you for your consideration.
