RE: IE14.4 - Cycling Network Plan - 2024 Cycling Infrastructure and Missing Sidewalk Installation - Third Quarter Update

Deputy Mayor and Chair McKelvie and members of the Infrastructure and Environment Committee,

I share the concerns of the Avenue Road Safety Coalition that not enough is being done for pedestrian safety through the safety improvements recommended for Avenue Road as part of the Cycling Network Plan - 2024 Cycling Infrastructure and Missing Sidewalk Installation - Third Quarter Update. I fully support the complete street being installed between Bloor and Davenport but question why improvements are not extended, especially those for pedestrians, north of Davenport to the railway tracks?

I urge you to request that Transportation Services expedite safety improvements on Avenue Road north of Davenport that will ensure the safety of all road users, and especially those who are walking. This would include the recommended improvements of narrowing vehicle lanes, reducing vehicle speeds, widening and protecting the pedestrian space and improving intersections.

Thank you for your consideration.
