MM16.23	ACTION			Ward: All
---------	--------	--	--	-----------

**Strengthening Compliance and Closing Loopholes in Parking Permit and Enforcement Systems - by Councillor Chris Moise, seconded by Councillor Jon Burnside**

*\* Notice of this Motion has been given.*

*\* This Motion is subject to referral to the Executive Committee. A two-thirds vote is required to waive referral.*

**Recommendations**

Councillor Chris Moise, seconded by Councillor Jon Burnside that:

1. City Council direct the General Manager, Transportation Services, to report back to the Infrastructure and Environment Committee by the end of the third quarter of 2024 with amendments to Chapter 903 - Parking For Persons With Disabilities that bring the by-law in line with Chapter 925 - Permit Parking 925-4, in an effort to close any loopholes in the policy, including but not limited to large recreational vehicles, and ensure fair compliance with the intention of the policy.
2. City Council direct the General Manager, Transportation Services to consult with the Toronto Accessibility Advisory Committee at their meeting on June 24, 2024 to seek feedback on the proposed draft amendments and any additional recommendations the advisory committee may have to improve Chapter 903.

**Summary**

Our city thrives on the principles of engagement, responsibility, and fairness. Yet, our streets have become obstructed, both physically and metaphorically. Numerous complaints have come into my office and have been written about in the media about a large recreational vehicle persistently obstructing our streets and impeding visibility, all under the protection of an accessible parking permit.

I have liaised with Transportation Services, Revenue Services, and Toronto Police Parking Enforcement and have crafted these recommendations with their guidance and support.
