City Council re: IA 16.1 New Linear Park for Scarborough in Review

It is with great anticipation that Scarborough residents hope to realize the use of the elevated structures of the “no longer in use” Scarborough Rapid Transit right of way.

We look forward to City Staff exploring the potential for the adaptive reuse of the elevated track area as a linear park.

Think of the opportunity for green space for residents of the anticipated condominium intensification in the Scarborough Civic Centre area.

Think of the eventual opportunity for Toronto residents to cycle between Kennedy Subway Station and Scarborough Town Centre.

Think of the opportunity for Scarborough artisans to display their talent and open kiosks along this linear elevated park area.

The opportunities are endless!

Dreams can become reality for the Scarborough Skywalk with City Council and City Staff support.

Respectfully submitted,

Rhoda Potter President & Executive
Agincourt Village Community Association
