Matthew Green
North York Community Council
Toronto City Hall
100 Queen Street West
Toronto, ON M5H 2N2

Speed Limits - The Donway

Dear Mr. Green,

The Donway is a ring road that encircles Don Mills Rd. to the north and south of Lawrence Avenue East and to the east and west of Don Mills Rd.

Numerous residents have expressed concerns over the posted speed limits which go back and forth between 40 km/h and 50 km/h.

The area includes several educational facilities, seniors' residences, retail locations including the Shops at Don Mills and two community safety zones. A change will provide a consistent speed limit for the entire length of The Donway, improve pedestrian and vehicular safety and end confusion. I am requesting a uniform speed limit of 40 km/h for the entirety of The Donway.

Recommendation:

1. North York Community Council reduce the speed limit from 50 km/h to 40 km/h on The Donway East, between Don Mills Road (south intersection) and Don Mills Road (north intersection).
2. North York Community Council reduce the speed limit from 50 km/h to 40 km/h on The Donway West between Don Mills Road (south intersection) and Don Mills Road (north intersection).

Sincerely,

Jon Burnside
