Traffic Calming (Speed Humps) – Brian Dr and Kingslake Rd

Transportation Services is recommending the installation of speed humps on Brian Drive, between Sheppard Avenue East and Old Sheppard Avenue and on Kingslake Road, between Godstone Road and Gleneagle Crescent (south intersection). Staff's assessment indicates the criteria as set out in the updated Traffic Calming Policy has been satisfied.

Residents on both Brian Dr and Kingslake Rd received mailings from my office letting them know that these reports would be coming to September Community Council, however the reports were slightly delayed and missed the agenda deadline.

Recommendation:

That North York Community Council introduce and consider the two attached reports for traffic calming on Brian Dr and Kingslake Rd.

Sincerely,

Councillor Shelley Carroll
