RE: PROJECT: 515 Coldstream Ave Toronto On. M6B2K7

To whom It May Concern:

The IAJS community project is very important to me and my family.

They have been serving our community for over 50 years and have long outgrown their current space. In addition to space, the current facilities do not adequately provide for those in need of accessibility and barrier free washrooms.

Also, there is no elevator in the current building hindering the use for the elderly. The drawings of the new building show that they have provided a place for their members to celebrate their life cycle events in a safe and comfortable environment.

Please see to it that the rezoning is passed without any delays.
