Left to right: Housing advocates Andrea Adams of St. Clare's, Rich Analytics chief technology officer Mark Richardson, Smart Density's Joshua Papernick, architect Naama Blonder, urban planner Alexei Guerra and Diane Dyson of The Neighbourhood Group gather at 2444 Eglinton Ave. East in the Scarborough neighbourhood of Toronto. Their work aims to ensure that when the City of Toronto builds affordable housing on this site through its Housing Now initiative, the maximum number of units is built.
