Dear Chair and Board members,

RE: PA10.8 – Licence Agreement with Metrolinx – Temporary Closure of Car Parks 90 (17 Eaton Avenue) and 137 (77 Gough Avenue)

The GreekTown on the Danforth BIA is concerned about the loss of 47 parking spots in Car Parks 90 (17 Eaton Avenue) and 137 (77 Gough Avenue). 59 parking spots have already been lost as part of the temporary closure of Car Park 89 (20 Eaton Avenue) to stage the construction of the Pape Interchange Station. The proposed closures threaten to exacerbate an already critical issue as loss of nearby parking translates to a loss in customers.

We would appreciate it if you would provide a fulsome parking replacement strategy for the 106 parking spots and consult with the BIA prior to the approval of a licence agreement with Metrolinx.

Sincerely,

Tony Pethakas
Chair, Board of Management
