PROPOSAL

The Expanding Housing Options in Neighbourhoods Study (EHON) Major Streets study expands opportunities for townhouses and small-scale apartment buildings along Toronto's Major Streets.

The City-initiated Official Plan Amendment (OPA 727) introduces policies that enable townhouses and small-scale apartment buildings (up to 6 storeys) to be built city-wide on properties designated *Neighbourhoods* and in the Residential Zone category along the major streets, as shown on Map 3 of the Official Plan. The Official Plan Amendment will include the following changes:

- Modify the policies in Section 4.1 - *Neighbourhoods* to provide the opportunity to develop the recommended building types along the major streets;
- Support changes to the lot pattern and density along the major streets to provide flexibility in built form in these areas;
- Introduce new development criteria policies, specific to townhouses and small scale apartment buildings, in a new sub-section to the *Neighbourhoods* policies, *Development Criteria in Neighbourhoods for Properties along Major Streets*; and
- Introduce a new sidebar language to provide clarity on the role of the Map 3 major streets.

The City-wide Zoning By-law 569-2013 is proposed to be amended to:

- Permit townhouses and small-scale apartment buildings along the major streets in the RD, RS, RT and RM zones;
- Introduce built form standards for townhouses and small scale apartment buildings;
- Introduce two new definitions into Chapter 800, one for Primary Windows and one for Major Streets.
