

Attachment 2: Blacklined Version of Recommended Official Plan Amendment 528

This blacklined version of OPA 528 is provided for illustrative purposes only and only includes proposed amendments to the shaded text (policies), unshaded text (non-policy textual commentary), and sidebars to the parent plan (Chapters 1 – 5). Please consult the official version of OPA 528 for the exact amendments to the Official Plan.

Note:

- Plain text represents existing content.
 - **Bold, underlined text** represents proposed additions.
 - ~~Strikethrough text~~ represents proposed deletions.

POLICY 2.3.2.4

The sale or disposal of publicly owned lands in the *Green Space System* will be discouraged. No City owned land in the *Green Space System* will be sold or disposed of **except where such sale or disposal is in accordance with Policy 4.3.9 of this Plan**. However, City owned land in the *Green Space System* may be exchanged for other nearby land of equivalent or larger area and comparable or superior green space utility.

POLICY 4.3.8

The sale or disposal of publicly owned lands in *Parks and Open Space Areas* is discouraged and no City owned lands in *Parks and Open Space Areas* will be sold or disposed of, **unless such sale or disposal satisfies the criteria set out in Policy 4.3.9 of this Plan**. However, City owned lands in *Parks and Open Space Areas* may be exchanged for other nearby land of equivalent or larger area and comparable or superior green space utility.

POLICY 4.3.9

The sale or disposal of City owned lands in *Parks and Open Space Areas* may occur where the lands will be restored and enhanced, all existing development criteria of this Plan are satisfied, including those in Policy 4.3.6 and the appropriate assessment referenced in Policy 4.3.2, and the sale or disposal:

- is to a public agency for the purpose of undertaking a conservation project; or**
- is an easement necessary to allow for essential underground public works and utilities, including alternative energy systems, together with associated access and control points, where there is no reasonable alternative and there is no associated restriction to public access except during construction and maintenance.**

[To be added as sidebar in the proximity of Policy 4.3.9]:

For greater clarity, 'sold or disposed of' means sold or otherwise disposed of by way of a grant in fee simple or a grant of a leasehold or easement interest where the unexpired term of such interest, including any rights of renewal or extension, exceeds 21 years, and 'sale or disposal', shall have a corresponding meaning.

When public works that are not subject to the Environmental Assessment Act are planned to traverse, coincide with, or otherwise affect the Natural Heritage System, a Natural Heritage Impact Study may be required to be submitted by the applicant and approved by the City and, if required, the appropriate conservation authority.
