Comments:

Dear Clerk,

My comments are regarding the request to rezone 20 Rockcliffe Court.
I believe the recommendation from city staff is not to rezone and I strongly support their position. I live less than 1km from this site.

This land is situated on a floodplain and should never be surplus and sold to meatpackers.

This land was recommended in an EA report by the TRCA to be used as part of a flood mitigation strategy. The city instead sold the land and because it's under an antiquated special policy it allowed industrial use zoning to remain.
This land should be expropriated and returned to the city and used as a large scale , modern flood mitigation / naturalization plan for the area.

We see the money and incredible work being done at the Don River.
Black Creek/Humber River water shed deserves the attention and respect that our neighbours to east have garnered.

Thank you

Sincerely
Tanya Connors
