To Whom It May Concern:

It has been an honour for Dream's development team to be part of the process of refining the affordable housing design guidelines and being able to provide feedback, based on our extensive experience delivering affordable housing and accessible units in Toronto. We are looking forward to continuing to be part of this process, where we can continue to respond to the increasing need for accessible suites, while ensuring the affordability of such units.

Sincerely,

Cynthia Shahani
Director, Development
