RE: PH16.9 Updates on Implementation of Bill 23 Amendments to the Ontario Heritage Act

Dear Councillor Perks and committee members:

The North York Community Preservation Panel would like to indicate its strong support for Heritage Planning's strategy to cope with the serious heritage preservation problems caused by Bill 23 amendments to the Ontario Heritage Act. We are looking forward to reviewing the list of prioritised listed properties in early 2025.

Thank you for your support of this report and recommendations.

Yours truly,

Alex Grenzbach

Interim Chair, North York Community Preservation Panel
