SUBJECT: Port Union Road Widening Project

Dear Scarborough Community Council,

Construction on the Port Union Road widening project is underway. Transportation Services staff are recommending additional minor changes to Port Union Road to enhance safety and operations. I am moving staff's recommendations, below:

Recommendations:

1. City Council designate a two-way centre left-turn only lane on Port Union Road, between a point 58 metres south of Island Road and Dear Gate.
2. City Council prohibit eastbound right-turns on red signal at all times at the intersection of Lawrence Avenue East and Port Union Road, bicycles excepted.

Sincerely,

Jennifer McKelvie
Deputy Mayor, City of Toronto
City Councillor, Scarborough-Rouge Park
