

Accessible Parking Space - Warden Avenue

Date: May 27, 2024

To: Scarborough Community Council

From: Director, Traffic Management, Transportation Services

Wards: Ward 20, Scarborough Southwest

SUMMARY

This staff report is about a matter that Community Council has delegated authority from City Council to make a final decision.

Transportation Services is requesting approval for the installation of an on-street accessible parking space on the west side of Warden Avenue.

RECOMMENDATIONS

The Director, Traffic Management, Transportation Services recommends that:

1. Scarborough Community Council designate an on-street accessible parking space in effect at all times on the west side of Warden Avenue, between a point 120.7 metres south of Kingston Road and a point 5.5 metres further south.

FINANCIAL IMPACT

The signage costs associated with the proposed installation of the accessible parking space is approximately \$500.00. Funding is available within the Transportation Services 2024 Operating Budget.

DECISION HISTORY

This report addresses a new initiative.

COMMENTS

Transportation Services provides designated on-street accessible parking as a convenience for people with disabilities and/or those who transport them, making it easier for them to find available parking as near as possible to their places of residence or intended destinations and reducing the distances that the disabled people must walk.

Designated on-street accessible parking spaces are not for the exclusive use of any one resident. Any person with a valid Accessible Parking Permit issued by the Ministry of Transportation of Ontario (MTO) may park in any designated on-street accessible parking space. Designated on-street accessible parking spaces may be relocated for technical or operational reasons, if deemed necessary by the City.

Delays in installing on-street accessible parking spaces may create hardships for the applicants. Timely removal of a designated on-street accessible parking space when it is no longer needed, for instance when the resident moves or is no longer eligible, aids in maximizing available on-street parking for other residents/motorists.

Warden Avenue, south of Kingston Road is a two-lane, north-south, local roadway. It operates two-way traffic on a pavement width of approximately 8.5 metres. Parking is permitted for a maximum period of three hours on both sides of the street.

To be eligible for on-street accessible parking, applicants must hold a valid Accessible Parking Permit, issued by the MTO. Staff have determined that the installation of the accessible parking space is feasible as the requirements are met and the designated space will not result in the loss of more than one on-street parking space for general use.

The Ward Councillor has been advised of the recommendation in this report.
