ACCESS TO AFFORDABLE &
CONVENIENT CHARGING

DEVELOP A NET-ZERO SECTOR
STRATEGY WITH CITY OF T.O.

FINANCING TO GET INTO
AN EV QUICKER

ACCELERATING RETROFITS

PRESENTED BY

Keith Burrows

Director, Low Carbon Buildings

**If our building could figure it out,
everyone can. We didn't have the
space. We didn't have the money.
But we solved those problems.**

**Karima Dharssi, Board Member,
120 Lombard Street**

OPERATIONS, PEOPLE, FINANCE, GOVERNANCE & STRATEGY & EDI WG

PRESENTED BY

Jaime Klein

People and Operations Manager

WE 
MOVED!

CLIMATE POLICY

PRESENTED BY

Evan Wiseman

Senior Manager, Climate Policy

12+ SECTOR & COMMUNITY
GROUPS REPRESENTED

DAN LECKIE FORUM, 2023

Existing buildings are the next frontier of climate policy

Leading cities across North America are establishing energy and carbon standards for existing buildings. **Let's bring them to the GTHA.**

TAF IS AN OBJECTIVE & TRUSTWORTHY VOICE

TORONTO STAR

ONTARIO

**'I would feel both betrayed and abandoned':
Halton Hills rejects new gas plant**

An "unprecedented" number of residents contacted council about the new plant, and more than a dozen of them spoke at council before the vote. They raised concerns about exacerbating climate change by burning additional fossil fuels and about the health impacts of local air pollution.
