Re: Speed Hump Installation – Sussex Avenue between Spadina Avenue and Robert Street

Dear Toronto and East York Community Council members:

Summary

Residents contacted my office requesting speed humps on Sussex Avenue between Spadina Avenue and Robert Street.

Residents have observed a dangerous increase in traffic and illegal speeding on this quiet residential street. The installation of speed humps may assist in mitigating some of the cut-through traffic and make conditions safer for local vulnerable road users.

RECOMMENDATIONS:

It is recommended that:

1. Toronto and East York Community Council authorize the installation of traffic calming (two speed humps) on Sussex Avenue between Spadina Avenue and Robert Street.
2. Toronto and East York Community Council direct the City Solicitor, in consultation with the Director, Traffic Management, Transportation Services, to prepare a by-law to alter sections of the roadway on Sussex Avenue between Spadina Avenue and Robert Street, to install two speed humps, generally as shown on Attachment 1.

Thank you,

A handwritten signature in black ink that reads "D Saxe". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.
