Councillor Chris Moise
Chair, Toronto and East York Community Council

415 Broadview: Permit Parking and Transportation Issues

Dear Chair and members of Toronto and East York Community Council,

At the March 20th, 2024 meeting of City Council we adopted item [CC16.5 - 415 Broadview Avenue - Official Plan and Zoning By-law Amendment - Request for Direction Report](#) related to an ongoing OLT appeal at 415 Broadview Avenue.

Most of the direction was provided by City Council at that time, however should the development proceed, Transportation Services should report on the permit parking impacts and whether the development at 415 Broadview should be excluded from the permit parking area. I am also asking for this report to be considered alongside other traffic and transportation reports for this development.

I look forward to your support for these recommendations:

1. Toronto and East York Community Council request the General Manager, Transportation Services to examine and report to Toronto and East York Community Council after the Zoning By-law Amendment has come into full force and effect, regarding the realignment of the applicable Permit Parking Area and the exclusion of 415 Broadview Avenue and associated addresses, from the permit parking area.
2. Toronto and East York Community Council request the General Manager, Transportation Services, to ensure that the report referenced in recommendation 1 of this letter reports to the same meeting as the report referenced in Item CC6,15, recommendation 6:

6. City Council direct the General Manager, Transportation Services to report to Toronto and East York Community Council to reconfigure the portion of Simpson Avenue adjacent to the subject site to allow two-way traffic.

Sincerely,

Paula Fletcher
City Councillor
Ward 14, Toronto-Danforth
