RE: Speed Bump Installation – Public Laneway east of Brock Avenue, between Lindsey Avenue and Muir Avenue

Dear Chair and Members of Toronto and East York Community Council,

The public laneway east of Brock Avenue extending between Lindsey Avenue and Muir Avenue frequently experiences a high volume of speeding vehicles attempting to avoid existing traffic calming measures along Brock Avenue. With Brock Public School and St. Helen Catholic School located nearby, the problem of speeding and dangerous driving is a significant safety concern for residents and young children who travel near the laneway.

In a recent survey, residents in the surrounding area overwhelmingly supported the installation of speed bumps in this laneway. As such, I respectfully request your support on the below recommendation.

RECOMMENDATION

It is recommended that Toronto and East York Community Council:

1. Authorize the installation of speed bumps in the public lane east of Brock Avenue, between Lindsey Avenue and Muir Avenue, as shown on Drawing No. TC-290, dated May 2024, from the Director, Traffic Management, Transportation Services.

Sincerely,

Alejandra Bravo
City Councillor
Ward 9, Davenport
