RE: Marlborough Speed Humps

Dear Toronto and East York Community Council members:

Summary

Toronto and East York Community Council approved speed humps on Marlborough Avenue and Marlborough Place in 2014, per [TE34.156](#).

Residents are now requesting an additional speed hump on Marlborough Place, between Macpherson Avenue and Marlborough Place (east-west section). Residents have observed a dangerous increase in speeding on this section of roadway. An additional speed hump on Marlborough Place, close to its intersection with Macpherson Avenue, may assist in reducing vehicular speed and make conditions safer for local vulnerable road users, especially pedestrians.

RECOMMENDATIONS:

It is recommended that:

1. Toronto and East York Community Council direct the City Solicitor to prepare a by-law to alter sections of the roadway to install one (1) additional speed hump on Marlborough Place, close to its intersection with Macpherson Avenue, for traffic calming purposes, generally as shown on the attached Drawing No.TC-255, dated January 2024.

A handwritten signature in black ink that reads "D Saxe". The signature is fluid and cursive, with the first letter of each name being significantly larger and more decorative.
