RE: Install Traffic Calming Measures to Improve Safety along Maxwell Avenue

Dear Chair and Members of Toronto and East York Community Council,

I am writing to request your support in directing Traffic Operations to install traffic calming measures along Maxwell Avenue between Eglinton Avenue West and Anderson Avenue.

The Maxwell Avenue community has shared sustained concern since 2019 over the speeds at which vehicles drive through this residential street. In 2022, the community organized and submitted a petition with a large portion of households on the street asking that traffic calming measures be implemented. With the passage of this motion, the community will receive the installation of traffic calming measures they have been organizing for.

RECOMMENDATIONS:

It is recommended that:

1. Toronto and East York Community Council authorize the installation of traffic calming (speed humps) on Maxwell Avenue, between Eglinton Avenue West and Anderson Avenue.
2. Toronto and East York Community Council direct the City Solicitor to prepare a by-law to alter the roadway on Maxwell Avenue, between Eglinton Avenue West and Anderson Avenue, to install four speed humps, generally as shown on the attached 'Drawing No. TC-307' dated June 2024 from the Director, Traffic Management, Transportation Services.

Sincerely,

Councillor Josh Matlow
City Councillor
