RE: Intersection Safety Improvements – Wallace Avenue and Campbell Avenue

Dear Chair and Members of Toronto and East York Community Council,

Residents in the Junction-Wallace Emerson area have contacted my office to raise concerns over pedestrian safety at the intersection of Wallace Avenue and Campbell Avenue. This intersection is frequently used by residents and children heading to Perth Avenue Public School or Campbell Park. Residents have reported feeling unsafe as a result of parked vehicles and sightline issues within the offset intersection.

Transportation Services determined that the implementation of a no-parking prohibition at the southeast corner would improve sightlines and visibility to create a safer intersection for crossing pedestrians. As such, I request your support on the following recommendations.

RECOMMENDATIONS

It is recommended that:

1. Toronto and East York Community Council amend the existing maximum one-hour parking regulation in effect from 8:00 a.m. to 5:00 p.m., Monday to Friday, on the south side of Wallace Avenue, between a point 45.1 metres east of Symington Avenue and a point 65 metres east of Campbell Avenue, to be in effect from a point 45.1 metres east of Symington Avenue and Campbell Avenue (south branch) and from a point 30 metres east of Campbell Avenue (south branch) and a point 35 metres further east.
2. Toronto and East York Community Council prohibit stopping at all times on the south side of Wallace Avenue, between Campbell Avenue (south branch) and a point 30 metres east.

Sincerely,

Alejandra Bravo
City Councillor
Ward 9, Davenport
