Re: Speed Humps Installation – Chicora Avenue between Bedford Road and Avenue Road

Dear Toronto and East York Community Council members:

Residents on Chicora Avenue are frustrated by frequent speeding on their street endangering pedestrians, including young children, as non-local drivers use this residential street to avoid traffic on Dupont Avenue. They have requested the installation of speed humps, with an overwhelming majority of residents signing a petition in support. Installing speed humps would improve safety for pedestrians and other road users.

RECOMMENDATIONS:

It is recommended that:

1. Toronto and East York Community Council authorize the installation of traffic calming (four speed humps) on Chicora Avenue between Bedford Road and Avenue Road.
2. Toronto and East York Community Council direct the City Solicitor, in consultation with the Director, Traffic Management, Transportation Services, to prepare a by-law to alter sections of the roadway on Chicora Avenue between Bedford Road and Avenue Road, to install four speed humps, generally as shown on Attachment 1.

Respectfully,

City Councillor
Dianne Saxe
Ward 11, University-Rosedale

A handwritten signature in black ink that reads "D Saxe". The "D" is large and stylized, and "Saxe" is written in a cursive script.
