RE: Installation of Speed Humps on Day Avenue, between Goodwood Avenue and Rogers Road

Dear Chair and Members of Toronto and East York Community Council,

Residents living along Day Avenue have contacted my office to share their concerns regarding speeding vehicles and dangerous driving. Drivers hoping to avoid Dufferin Street and Rogers Road speed down Day Avenue with little regard for residents in the neighbourhood. Residents, especially those with young children, feel unsafe walking down their street as they head to EarlsCourt Park or their favourite restaurant.

Through a neighbourhood survey conducted by my office, residents overwhelmingly voted in support of installing speed humps to prevent dangerous speeding and improve overall neighbourhood safety.

RECOMMENDATIONS

It is recommended that:

1. Toronto and East York Community Council authorize the installation of traffic calming (speed humps) on Day Avenue, between Goodwood Avenue and Rogers Road.
2. Toronto and East York Community Council direct the City Solicitor to prepare a by-law to alter the roadway for the installation of six speed humps on Day Avenue, between Goodwood Avenue and Rogers Road, generally as shown on the attached Drawings No. TC-259 and TC-260, dated August 2024 from the Director, Traffic Management, Transportation Services.

Sincerely,

Alejandra Bravo
City Councillor
Ward 9, Davenport
